FARMVILLE.

It is a subject of local rejoicing that the legislature is disposed to deal fairly and liberally with the State Female Normal, and the people of the state will rejoice with the citizens of Farmville and of this section, for the one school for girls under control of the state, deserves the very best that can be done for it and is in turn doing good things for every nook and corner of the Commonwealth.

The health of the student body has been universally good this session. Owing to the enforcement of the vaccination ordinance, there has been a formidable array of sore arms and these have hindered work, especially in the "Jim" room, where free use of limbs is essential, but otherwise the sick list has been limited.

Our young people were largely represented at Hampden-Sidney during the recent mid-winter celebrations, by common consent it is agreed that they were never more enjoyable. President McAllister has given new life to the venerable institution and has hopes for its future. There is no better spot on earth for equiring a thorough collegiate training. I am reminded just here to report a statement which has often been made in connection with this school, which separates it in health record from all other schools known to the history of the world, and that is, that though Hampden-Sidney has entered upon the 129th year of its existence, during all these years only one has died from this disease and that one came to the college with the fever on him and died within nine days. So we are justified in saying that no case of disease ever originated there.

The Zimmerman livery seems to be doing good business. It is a luxury to pull the reins over quick steppers.

There will be an unusual criminal docket for the next term of our court.

Great interests will gather about the investigation incident to the inhuman assault on Dr. White.

The damage of Mr. L. D. Jones vs the N. & W. will also be of genuine import. This will bring to the fore some of the best legal talent of this section of Virginia.

Mr. and Mrs. E. W. Venable have returned to town and are renting rooms from Mr. E. L. Paulette and taking meals with Mrs. Berkeley. Their host of friends are glad to welcome them.

Mrs. Judge Hundley is consulting a Richmond physician.

Mr. W. H. Berkeley, who represents the American Tobacco Company, with headquarters at Raleigh N. C., spent Sunday at the old home.

Misses Rice and Lancaster, of the Normal faculty, attended the recent session of the Y. W. C. A., which were held at Nashville, Tenn.

Judge Crute's residence was slightly damaged by fire one day last week.

The reception of Mrs. W. P. Venable was one of the events of the season.

Farmers are still storing tobacco for better prices.

Mrs. Governor McKinney and

DO YOU GET UP

WITH A LAME BACK?

Many Trouble Makes You Miserable

Most everybody who reads the news is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; it is discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing sick kidneys, bladder, uric acid trouble and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but it will be found just the remedy you need if you have kidney or bladder trouble it will be found almost miraculous in its healing, curative powers, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail. You also have a sample bottle sent free by mail. You also have a chance of buying the regular fifty cent and one dollar sizes of this great remedy at the drug stores sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Miss Frankie are guests of Mr. B. C. McKinney in Washington, D. C.

Mr. and Mrs. N. B. Davidson, with Miss Ligon, who is employed in Mr. Davidson's store, are in the New York market selecting new goods. Selections made by ladies will no doubt sell like "hot cakes" to the ladies.

I heard a drummer say the other day, "you have two good hotels in Farmville at last," and that's good news to all those who are interested in Farmville.

Policeman Fogus has bought a well located lot and will build on it. Rumor adds that he and—will occupy the dwelling when completed.

Onions and salad are beginning to lift their heads in our gardens, and our yards are being spotted with yellow.

Mrs. Eugene Gill, accompanied Mr. Gill on his last business trip taking in Lynchburg, Danville and other points.

Rev. Dr. McIlwayne was here recently in the interest of the Jamestown Exposition.

Mr. A. E. Cralle, president of the Farmville Commercial Company, is at John Hopkins for treatment. Dr. Spencer accompanied him.

Judge Watkins looks happy now that he will remain Judge in name only.

Bishop Randolph preached a noble sermon on the occasion of his recent visit to the Episcopal church at this place, and confirmed a class of ten persons. The people of Farmville, regardless of church connection, are always glad to hear the Bishop.

The change from balmy spring weather to blizzard cold-winter was sudden and shocking. We will think of the sunshine and be happy still.

C. B. Burhans Testifies after four years.

C. B. Burhans, of Carlisle Centre N. Y., writes: "About four years ago I wrote you that I had been entirely cured of a severe kidney trouble by taking less two bottles of Foleys Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of Kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble."

L. E. Smith, Appomattox; W. B. Woodson, Concord; W. C. Nowlin, Sport Springs.

Since Mr. Roosevelt had a wedding in the family, his friend, the Kaiser, just had to have another one to keep up with the procession

Startling But True.

People the world over were horrified on learning of the burning of Chicago theatre in which nearly six hundred people lost their lives, ye more than five times this number o over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice Every one of these cases of pneumonia resulted from a cold which could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many also for every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Willcox, New York.

PRINCE PLYMOUTH ROCK: A Medley.

(Note-These lines were suggested by an amusing incident which occurred while the author was supposing as a health resort.)

Tis evening: And so calm.
The twinkling stars, like timid children,
Peep from behind night's curtain of blue,
As, upon them, white and green.
The guests are grouped about
Engaged in pleasant converse.
While merry song and joyous laughter
Echo through the vale.
A shocking discord then is heard
A startling sound, long, harsh and loud,
Affrighting all the guests.
Then, with firm and martial tread,
Comes a lady fair with auburn hair,
Holding close a crooking bird—
The noblest of its kind—
Whose voice at early dawn is heard
A-wakening her from sleep.
Now he to close barred prison goes,
And none doth for his pity feel,
For he hath oft disturbed the sleep
Of fair Mrs. "Cloverfield."

'Tis early morn: And still and calm.
The guests are in peaceful slumber wrapt:
Their spirits wander far beyond
The outer view of earth
In sweet Elysian fields of peace,
Or alone the pearly, flittering shore
Of far-famed Atlantis Isle—
Long since faded from the earth,
And unto men now lost,
Then, as sounded the bugle blast
O'er Ilion's sandy plains.
When noble Greece waged battle fierce
Against the sons of Troy
For Helen's love—a worthless prize—
Robbing them of peace and joy.
so sounds the bugle note
From yonder prison-house,
Where (a closely kept with bar and lock,
The bold Prince Plymouth Rock,
The noble steeds, man's faithful friend,
And kine and calves, and patient sheep,
Join in the din and swell the noise
That rouses us from sleep.

In wrath the guests all now awake,
And yawn and stretch and rub their eyes,
Vowing they will never rest
Till the bold, defiant warrior Prince
A violent death should die.
Their forces all united are,
And they will never yield.
For in this conflict they have joined
The brave mistress' Cowgerful."

The day is dull, the rain descends,
The fierce battle-cry is heard,
The shout of victory now tells
Of the death of the noble bird.
They to the block the sceptre led,
The sharp, bright ax descends,
And the reign of bold Prince Plymouth Rock
On earth forever ends.

P. M. Bell.

Buckingham.

Interest for the past week has centered on the question of who was to be Judge of the 29 Judicial Circuit, and if what is being said of Judge Fleet B. "P. Gordon. is true he is eminently fitted for the position. Mr. Gordon has been Commonwealth's attorney of Nelson county for twelve years and it is said that no court decision that he has secured has been reversed by the Supreme court in all that time. Mr. Paul Pettit of Fluvanna was a close 2nd in the race, receiving 31 vot.s in the caucus. Senator Camm Patteson supported Pettit and in his speech alluded to the fact that Mr. Pettit was his opponent for nomination as Senator and that as such he had found him ever generous and chivalrous. The question has been often asked and not answered as to who will preside at the next term of Court here, Judge Hundley or Judge Gordon.

It is hoped now that the State Corporation Commission will fix a two cent maximum rate per mile on all railroads in the State, since such action is recommended by both houses of the General Assembly.

The Legislature of the session of 1905—06 will go down in history as a great appropriation body. The grand total of appropriations to date is estimated at $9,055,000 (nine million and fifty-five thousand dollars.) They have relieved the physcians of the state from paying the $10 license tax. They have created a new department—that of Insurance Commission and added to munifcent salaries paid men in high places, in short they have been generous, not to say lavish with the people's money, and yet it seems they have done but little to better the laws already in force or to enact laws pro bono publico. Notwithstanding all this, it has been a working body of men, and their labors have been strenuous and the pay of members is entirely co

small.

It is to be hoped that the $300 deposit required of candidates in the coming Congressional primary may not deter anyone who desires to offer for Congress, from getting his name on ticket, as seems to have been the case at the last primary when one aspirant withdrew because he said he was not able to bear the expense.

That Mr. Flood will be named to succeed himself is to be expected, at the same time it should be that any honest man in the district might offer, be he never so poor in this world's goods.

The addition that this paper has made acquiring the services of such a writer as its Farmville correspondent is much to its credit and the Farmville news does not come 2nd hand, but is timely, truthful, terse and trustworthy. I would venture to suggest however, that a weekly report of prices prevailing for tobacco would be of special interest to planters.

Mr. Henry Wills is engaged in indexing the deed books of the county, a work that has been needed for a long time.

I promised to tell the girls about an approaching marriage, well there are to be two in the same family, but I shall have to keep you on the qui vive a while longer as I might be too previous. I'll tell you though in "The Sweet By and By."

Andersonville.

Who is it? A young lady who lives near Arcadium went to Farmville last week and bought a white silk dress and told Ned Bramberry she was getting it to wait on a couple the 28th. Ned will not tell who it is. Five dollars have been offered to find out the guilty parties. Well I know who it is, but I'll not take the $5. Blessings on them both Good fellow they are. While talking about marrying, Rev. W. P. Pro ince qualified before Judge Hundley for the last business.

If our new Judge does not sit on the bench as General Gordon did in the field, he will do well. He has well exclude the "speak easies" the first thing. A number of parties, several in this district are suspected. Watch out if Gordon and Hubard draw sabres and charge, some one will get hurt.

The legislature has adjourned, I suppose some are glad and some are sad, no doubt they made some laws that would have been best not to have been and left some bill that ought to have been enacted. The Mann bill, or its amendments for instance. But we have lived under the laws of Virginia nearly 66 years the remaining four years allotted to man we can stand very well. Let us suppose the law makers did the best they could, they had to keep the Republicans down, and then you know that the Swansonites had to be taken care of. They did the handsome thing for Judge Crump. What a foolish thing that investigation was; what more did the public know after them they did before.

The rate bill 2 for 1 tickles me as the better half is sewing up to take a trip. If Churchman had only put in "ship by weight" the better half could go twice as far as some folks for less money, but I would wait and expect to get twice what some would for failure for safe delivery.

The ground hog was not in it this time, he don't know any thing more about the weather than I do.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recomend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shonick 220 So. Peoria St. Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irrated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflamation had largely subsided. I took several doses that day, kept on talking through the campaign, and I thank this medicine that I won my seat in the Council."
